Half day-11:15 Dismissal

April 19th-April 23rd
No School-April Vacation

Sustainable Sherborn Website Launch

The Sherborn Select Board, Town Administrator, Energy Committee, and Sustainability Coordinator, Dorothea Von Herder, are pleased to announce the launch of its new "Sustainable Sherborn" website, at sustainablesherborn.org.

The website is positioned to be a leading resource where residents and the school community can learn about a whole slate of actions they can take to combat climate change and to reduce their impact on the environment.

The website seeks to raise awareness for achievable and meaningful climate actions through grassroots education and collaboration. To that purpose, the website integrates a unique interactive web tool from the non-profit organization MassEnergize. The customized [Sherborn MassEnergize](http://SherbornMassEnergize) portal allows visitors to pick from a menu of 24 different actions such as signing up for a cost-free MassSave home energy assessment, switching to an electric vehicle, composting your food scraps, and many more. Visitors can sign up through the web tool and start teams in their neighborhoods, congregations, and at the local and regional schools to track the progress of their actions.

For more information about the website or sustainability matters, please contact Dorothea Von Herder, Sustainability Coordinator, at dvonherder@sherbornma.org.
