Screenagers NEXT CHAPTER: Uncovering Skills for Stress Resilience.

Wednesday, March 10, 2021

DS Challenge Success is sponsoring a virtual event for all parents and guardians of Dover and Sherborn students in grades 6 - 12, as well as members of the community and interested stakeholders

Filmmaker and physician Dr. Delaney Ruston takes the conversation around screens and teens to the next level with **Screenagers NEXT CHAPTER: Uncovering Skills for Stress Resilience**. This film examines the science behind teen's emotional challenges, the interplay of social media, and most importantly, what can be done in our schools and homes to help them build crucial skills to navigate stress, anxiety, and depression in our digital age.

Dr. Delaney sets out to understand the challenges in our current screen-filled society, and identify how we, as parents and educators, can empower teens to overcome mental health challenges and build emotional agility, communication savvy, and stress resilience.

A virtual Q&A will follow the film, hosted by DSHS and DSMS Assistant Principals, Ann Deaver Keegan and Ana Hurley.
